January 2003

## IN MEMORY

### N. William Skidmore, PDG

District Rotarians are mourning the loss of N. William “Bill” Skidmore who passed away on January 9, 2003 after a bout with heart failure. He was 72. Bill Skidmore was the first Governor of District 7500 in 1994-95 and he is credited with getting our district established. He was able to get our members to accept the new alignment and begin working together to make our district an outstanding one in the World of Rotary. He served again in 1999-00 and enjoyed a year of serving as governor of an established district. Bill’s friendly smile made everyone feel like he was their friend. He set an example for Rotarians of showing proper respect for others. The impact of his influence has continued to set a positive tone throughout the district. Bill lived in Point Pleasant all his life with time out to serve in the military. He met Mary, who worked at the Pentagon, while he was stationed in Washington D.C. Bill had a heating business and was active in community sports programs. He entered Rotary by joining the Point Pleasant Rotary Club in 1980. He rose to district positions in District 7510 before becoming Governor of District 7500. While not serving as Governor, Bill served the district in various capacities. He was the current District Trainer.

Bill is survived by wife Mary, son Lee, daughter-in-law Kim, and granddaughter Kellie. Donations may be sent to the Point Pleasant Rotary Club, Earnest Freestone President. The family has requested that memorial donations be specified for the R.I. Rotary Foundation, The Gift of Life, or the Deborah Heart and Lung Center.

All who knew him will sadly miss Bill Skidmore.

## Governor’s Message

### 7 Habits of Highly Effective Rotarians

Dear Fellow Rotarians,

A couple of years ago I attended a Steven R. Covey Workshop entitled The 7 Habits of Highly Effective People and, in many ways, what I learned changed my life. I attended this workshop with the hope of improving my personal relationships and managerial skills. One benefit I wanted was to pick up something that would help me as I prepared to become the governor of our district. Today, as I go through my paces as your governor, I recall these principles and try to apply them. I will say that I am most pleased with the positive responses I have received and I attribute a lot of this to these “7 Habits”.

Below I would like to bring to your attention to five of the habits:

**1. Be Proactive** – This means that we should be responsible for our own choices. Many times our reactions are based on pressure or what somebody else wants us to. Whenever we get the feeling that we are about to do some thing that is against our beliefs and values we need to pause. If you are not sure, the best thing to do is say, “Let me think about it and I’ll get back to you”. This way you are *acting* and not *reacting*.

**2. Begin with the End in Mind** – This is why you have been hearing so much about Goals and Objectives. With meetings we try to define what we want to achieve at the start so that attendees can focus on the desired outcomes. In preparing a speech it’s good to know up front what you want the audience to do as a result of listening to you. In your family, you can set financial goals with

a spending plan and behavioral goals in the form of a mission statement. Always begin your projects and activities with a goal in mind.

**3. Put First Things First** – Prioritizing is probably one of the biggest challenges we all face. Most of us spend most of our time doing things we like to do and we tend to put off some things that are urgent because we find them unpleasant. A good exercise is to draw a line and on top list what is important and on the bottom all the time robbers like interruptions, excessive TV and computer, and other time wasters. We should ask ourselves what makes us spend more time on the bottom of the line than on the top.

## Larry's Time Management Tips

**Knowing how you spend your time should aid you in planning and predicting project completion:**

- Have a "To Do" list. Write down things you have to do, then decide what to do at the moment, what to schedule for later, what to get someone else to do, and what to put off for a later time period
- Have a daily/weekly planner. Write down appointments, classes, and meetings on a chronological logbook or chart. Always know what's ahead for the day, always go to sleep knowing you're prepared for tomorrow
- Have a long-term planner. Use a monthly chart so that you can always plan ahead. Long term planners also serve to remind you to plan your free time constructively.

# CLUB NEWS

## **PALMYRA, RIVERTON, CINNAMINSON ROTARY CLUB CELEBRATES THE HOLIDAYS**

Palmyra, Riverton, Cinnaminson Rotary Club President Jack McGough, right, and Ron Green, President-Elect (left), take time to celebrate the holidays with the evening's entertainer, Ken McBride "Himself," Past President of the Atlantic City Rotary. The gala event was held at the Riverton Country Club. PRC members and their spouses enjoyed the evening's activities with six guests from the Baptist Home in Riverton. All had a good time.

## **ROTARY CLUB OF MOORESTOWN RAISES FUNDS FOR SAMARITAN HOSPICE**

At a recent meeting of the Moorestown Rotary Club, President Steve Smith, presented a check to Samaritan Hospice President, Mary Ann Boccolini, to assist those in need of the services of agency. This check represents a portion of the Moorestown Rotary Charities funds raised during the past Rotary year under the leadership of Past President Jim McVeigh. Moorestown Rotary Charities derives its funds from three major fund raising activities during the year in which the club members participate. These include the Travel Adventure Series, the annual Pancake Breakfast in March, and the annual Rotary Run held in June. At earlier meetings checks were also presented to Habitat for Humanity of Burlington County, represented by Board Member Peter Cerra, and to Rotary District 7500 Past Governor Jeff Donoghue for the Feed the Hungry Project of Rotary International. Rotary is an organization represented by over 32,000 local Rotary Clubs worldwide dedicated to service to their communities.

For more information contact Steve Smith at 856-235-2889.

### **District Rotary #7500 "A Partner for Life"**

#### ***Increasing Awareness about the Importance of Organ & Tissue Donation***

District Rotary #7500 has partnered with Gift of Life Donor Program, the region's organ and tissue transplant network, to raise awareness about the importance of organ and tissue donation. More than 80,000 patients in the US and more than 4,300 men, women and children in our region are waiting for a life-saving transplant.

Education is key to saving lives and your Rotary Club can help! Gift of Life Donor Program and the District Rotary, under the leadership of our District Governor Lawrence R. N inerell, encourage you to schedule a speaker for your next Rotary meeting. Act now and become a "partner for life!"

Call the Community Relations Department at Gift of Life Donor Program to schedule a speaker for your meeting.

1-800-DONORS - (1-800-366-6771) or Email at [www.donors1.org](http://www.donors1.org). (Please be sure to identify yourself as a member of District Rotary #7500).

### **6th Annual Gala Art Auction Thurs., May 8th 6:30 - 9:30**

*Childhood Leukemia Foundation and Brick Morning  
Rotary - All Tickets are \$10.00*

*Make checks to: Childhood Leukemia Foundation  
1608 Route 88, Suite 203, Brick, New Jersey 08724*

*Phone: 732-840-7585 • Fax: 732-840-5818*

*Email: Pat.Wallace2@verizon.net*

The Proceeds of this Annual Charitable Event will be in support of Childhood Leukemia Foundation Program Services:

- ~ Gift Baskets for Children in cancer treatment
- ~ Human Hair Replacement Wigs
- ~ Financial Aid for Families in Crises
- ~ Annual Camp Sponsorships and Camp Bags

Brick Morning Rotary Annual Scholarship Fund and Various Charitable Donations.

Event to be held at:

## INTERNATIONAL OPPORTUNITIES TO SHARE MATCHING & HUMANITARIAN GRANTS

By Dick Isackson, PDG International Service Director - District 7500

Over the years, our District has been very involved in finding ways and means by which we can help those in need in other countries. Let me tell you about a few.

Our initial step into the Grant business was a \$16,000 Matching Grant between the Rotary Club of Cotui, in the Dominican Republic and District 7500. Its purpose was the acquisition of computers for a school in Cotui to provide remedial training for a large unemployed segment of the population. Toms River Rotary took a bold step and developed the largest Matching Grant at that time to provide computer internet communications between Dover Township schools and a school system in Russia. We contributed to a Rotary wide grant to build \$2,000 houses for single women with children in Ethiopia. A \$13,000 Matching Grant was approved between the Santo Domingo Rotary and District 7500 to house and install an 11.5kv generator for the medical and dental clinic of the orphanage we support, Hogar Escuela Armando Rosenberg. Today it not only allows more efficient operation of the clinics,

storage of medicine and pumping of water but also has seen the patient load increase by more than 100%. Our first Humanitarian Grant for \$12,500 was created to help replace clothes washers at a Children's Hospital in Mukatchevo Ukraine in conjunction with the Oberpullendorf Mitte Rotary in Oberpullendorf, Austria. Completion of the new wash facility is anticipated by June. The largest RI Matching Grant in recent history of \$250,000 was approved in 2002 for the construction of a mobile eye hospital in Recife, Brazil. This mobile eye unit will provide enormous aid to the poor with no other source of medical care. We also have a Humanitarian Grant pending for the Country of Haiti via the Tinton Falls Rotary.

So you can see, we have made and are making a considerable impact upon the needy in the Caribbean, Africa, Russia, Ukraine and South America.

SO, that brings me to the purpose of this brief article. We have about \$30,000 of District 7500 Designated Funds that we can apply towards Humanitarian and Matching Grants in this Rotary Year of 2002-03. The deadline

for submission is March 31, 2003. The Foundation under its new business cycle works on reviewing all submissions accumulated between July 1<sup>st</sup> and March 31<sup>st</sup> during the 4<sup>th</sup> quarter of the Rotary year. Determinations/approvals are scheduled for announcement on July 15<sup>th</sup>.

Governor Larry would like to see these funds used for the benefit of the needy worldwide and is providing every club in the District the opportunity to get involved. Here is how it works, for the next 45 days, till the end of February, we will be accepting well thought out proposals for Matching or Humanitarian Grants. A committee will review the proposals, select the best and during the next 3 weeks work with the clubs to complete the applications and forward them to the Foundation prior to March 31. Remember, you must have a partner in another country to make this work. It may be a Rotary Club or a Rotary District

For further information, call me, Gov Larry or Matching Grants Chair, Steve Smith. All numbers are in the Directory. We will be looking for your call.

# MIDYEAR ASSEMBLY

A large crowd of district Rotarians gathered at the Tinton Falls Holiday Inn on January 13 for our annual Midyear Assembly. This event was originally called the Presidents Assembly but it was expanded to include District Staff, Club officers and Club Chairpersons. Pastor Carl Joecks, District Chaplain, gave an inspirational invocation in which he expressed some profound thoughts about Bill Skidmore. James Fusco got us into the proper perspective by leading us in a couple of rousing songs.

A major part of the program was a RI Foundation technical workshop given by Jerry Clark of the District Foundation Committee. Jerry was well prepared with contribution forms and he effectively walked the club's Foundation Chairs and Treasurers through the process of completing the paperwork and getting it into the right hands at RI Foundation Headquarters. In other presentations, Cheryl Smith, Substance Abuse Prevention Chairperson, gave an informative talk about the current state of substance abuse with school-aged children. She also mentioned where we can get help for family members and loved ones who are struggling with this pervasive problem. Cheryl urged clubs to get involved with their Community Alliances and to establish links with the schools. Leo Feeley gave a presentation on Organ Donations. He said that District 7500 has partnered with the Gift of Life Donor Program. This is not to be confused with our Gift of Life heart program. These are two different programs with similar names, both of which perform life saving services for those in need.

Assistant Governor Dan Cortese explained the process of naming New and Terminated members and accurately reporting attendance and Connie Becraft, assistant Governor, reported on the Community Assistance Application that was sent to R.I. in advance of the December 31 dead-

line. An interesting part of the program came from the clubs: Nick Stranieri reported on a World Book Project of the Brick Club, Jack McGough, President of the PRC Club reported on a Hospice project that is designed to give caretakers some relief and that seven Burlington County Clubs are involved in the project. Richard Schmidt, President elect of the Spring Lake-Brielle Club and Joseph Massington, President of the Marlton Club spoke of initiatives with orphanages in Romania.

Paul Coward, Community – Bud Umbaugh, Vocational – and Dick Isackson, International, gave reports on the Avenues of Service.

PDG Jeff Donoghue reported that there is an initiative to start a new club in the Middletown, Monmouth County area as well as other locations throughout the district. Joseph Piech reported on Interact activities and new clubs that are being started. Joe introduced Catheryn Zannoni, who will replace him as Interact Chair next year. Charles McCullough spoke about Rotaract initiatives. He is recommending that clubs establish Rotaract clubs in their communities and the we go forward with College based clubs. Thus far, there are initiatives in Burlington County College, Ocean County College, and Georgian Court College. Nick Stranieri reported on Earlyact Clubs in Ocean County and he invited clubs to seek his assistance in establishing Earlyact Clubs throughout the District.

Other topics mentioned were the Ambassadorial Scholarship that is in process, the Group Study Team both in-bound and out bound.

As you can see, there was a lot to talk about because there is a lot going on. At the end there was a loud round of applause for District 7500.

## 7 Habits of Highly Effective Rotarians *(Continued from Page 1)*

**4. Think Win-Win** – Win-Win is when there is a consensus that all can accept. Win-Lose does not take the other party's wishes into consideration usually causes resentment. Lose-Win is when we let others make decisions for us. Lose-Lose is when nobody benefits. Win-Win or No Deal is when there is no acceptable solution. The parties agree to disagree with no hard feelings. My point in all this is that we should make the effort to find the common ground. When hard decisions need to be made and not everyone is pleased, so be it. But this should happen only after searching for an acceptable solution.

**5. Seek First to Understand than to be Understood** - This means one thing- be a better listener. People have a tendency to immediately diagnose, take over the conversation and provide a solution. What we are doing is taking control of what the other person is trying to convey. We don't fully understand and the other party is frustrated that they didn't get their thoughts across. A better way is to listen without interrupting, repeat verbatim what you heard, and then give your interpretation of what you heard. In this way the speaker has maintained ownership of their issues and possibly will come up with their own solution in the process. At that point, you can

offer your solution.

By applying the above principles you will find that you will be arriving at creative solutions and that you will use and refine these tools in your daily living. I wish we had time to provide these kinds of personal and leadership development programs. Another beneficial program comes from Dale Carnegie. I urge you to constantly seek self-improvement as we do the work of Rotary and live our daily lives.

Yours in Rotary Service,  
Lawrence Ninerell, Governor

## ROTARY CLUB TO BUY MOTORCYCLE FOR MEDFORD POLICE DEPT.

MEDFORD - Due to a donation from the Medford-Vincentown Rotary, township police will soon be patrolling on the coolest of two-wheeled vehicles.

Police Chief Edwin Wood announced during the department's annual awards and charities banquet earlier this month that his department is getting a Harley-Davidson motorcycle.

The Rotary Club has offered to pay for the bike, which will be replaced annually with the newest model, Wood said.

The motorcycle has been ordered from Harley-Davidson of Camden County in West Collingswood Heights.

Owner Barbara Borowiec said she

would trade the bike in for the department at no cost every year.

"They only have to lay out one initial cost and they'll always have a new bike," she said.

Borowiec has similar arrangements with police departments in Willingboro and Cherry Hill. Wood said the motorcycle likely will be used by the department's traffic bureau and also could be used by school resource officers and in the DARE program.

"It's just another tool, that's what it is," he said.

For the Rotary, which will have its logo displayed on the motorcycle, it was

the opportunity to make a difference, treasurer David Stow said.

"The Rotary Club for a long time has wanted to do something on a larger scale to make an impact in the community," said Stow, who owns Bradley Stow Funeral Home on Route 541.

The Rotary Club came up with a motor-vehicle program to benefit an area organization and is looking forward to seeing the Harley on township streets, Stow said.

Wood said the donation also provides the department with a valuable opportunity to extend the lives of patrol cars because less mileage will be put on them and more on the motorcycle.

## TRACK LITTERBUGS WITH DIGITAL CAMERAS

Thanks for the editorial about the ongoing problem of litter along our streets, highways, rivers and lakes. Drawing attention to the problem is the first step in finding a solution.

The Asbury Park Rotary Club has been cleaning a mile-long section of Route 66, just west of the Asbury Circle. Four times a year, about 15 of our members spend two hours of a Saturday morning to try to stay ahead of the trashers, but it's to little avail. Each time we clean, we fill 25 to 80 bags of trash.

The problem goes deeper than many realize. During a rainstorm, the floatable trash is washed into culverts and

eventually finds its way into Deal Lake. Recently, Monmouth County prisoners spent a week removing debris from the lake, enough to fill more than 200 bags. The other scary thing is that 40 percent of the bottles and cans are alcohol beverages containers. Empty six-packs and 12 packs are regularly discarded on the Route 18 cloverleaf ramps. The contents probably were just consumed by the driver and occupants of the passing vehicle.

Strong littering laws are on the books, but is anyone enforcing them? Maybe a solution can be found in the E-Z Pass fiasco. Digital cameras are being

used to catch toll cheats. Why not use this technology to catch the litterbugs in the act? During Monmouth County's drunken-driving crackdown, nearby litter hot spots could also be monitored and littering summons be issued as well. I can visualize new traffic warning signs: "We Shoot Litterbugs - With Digital Photography."

I'm not in favor of the "big brother approach, but nothing else seems to work. In the meanwhile, we'll be out there picking up after the litterbugs.

**John Everson**  
OCEAN TOWNSHIP  
PRES., ASBURY PARK ROTARY CLUB

## COMMUNITY ASSISTANCE PROGRAM

Our district recently completed an application process in which \$9843 was awarded to clubs for local community projects. Constance Becraft, who handled this project last year, received, reviewed, and processed the applications. The paperwork was sent to R.I. Headquarters on December 19, well in advance of the December 31 deadline.

The awards were made to the following clubs:

- Rotary Bay - \$2000 for a collaborative bike equipment safety program of the Little Egg Harbor PTA and the Southern Ocean County Hospital.

- Freehold - \$2000 for Habitat for Humanity physical labor and financial assistance for one home.

- Hazlet - "Rotary Reads" for 1<sup>st</sup> and 2<sup>nd</sup> grade students in the Keyport Central School System.

- Maple Shade - \$2000 for a handi-

capped ramp for a Special Needs child.

- Matawan - Computers for an after school-tutoring program at the Clinton Recreation Center.

- Mount Laurel - Holiday Food Program in collaboration with the Mount Laurel School District.

**This is an excellent example of how the District and the RI Foundation supports local communities. Connie Becraft is commended for her work in putting this program together.**

## MOBILE SURGICAL EYE HOSPITAL GRANT # 20408

*By Karl Drzymala, P.D.G.*

What better gift to start off the New Year than to restore the sight to those who cannot see. Recently, We have received confirmation that the compilation of the Mobile Surgical Eye Unit in Brazil should take place directly after the holidays. Remembering the challenge of Rotary International President Frank J. Devlyn 2000-2001 "Create Awareness and Take Action" District 7500 can be proud to say we have excelled in that department with this project. What better way to promote Rotary

Governor Jose Ubiracy Silva of District 4500 in Recife, Brazil and I met in Anaheim, Ca. while at governors training. I must say, it was interesting to meet each other for the first time. Why seek out another governor you may wonder so far away? GSE yes GSE. We had planned an exchange with our districts. As we struggled to communicate with each other due to a language barrier we realized there was so much more our

districts could accomplish together with a special international project. Why not help the blind? After all Avoidable Blindness was a special program President Devlyn asked all of us to get involved with?

As the project developed Foundation Director P.D.G. Neil Garber took charge. First we submitted for a 3-H Grant but as time went on, clearly this was not the way it was going to go. With Neil's persistence and the Foundations recommendations it was suggested that we apply for a Matching Grant. The Amount \$250,000. This was special challenge considering a staggering \$125,000 was required from District 7500. Quickly Neil started pulling out all the tricks he learned over the years. Contributions and DDF Funds were combined to fund the project. Finally this past spring Rotary International granted our district the **largest Matching Grant ever.**

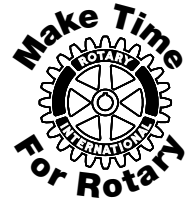

The Rotary Club of Recife, District 4500 & 7500 are now overseeing the building, equipping and completion. Several of their members sit on the Board Of Directors Of The Fundacao Altino Ventura Foundation This foundation is a National reference in full ophthalmologic medical services to low-income people. With their welcome help we are assured the number of operations **to restore sight to the blind will be in the thousands.** What better gift could we give! So may will be able to see for the first time in their life, others will have damaged sight restored. Imagine being able to see especially for the first time!

May thanks must go to Governors Jeff and Larry for their continuing commitment but most of all, you the Rotarian. Without you none of this would have been possible. Make everyone aware of what a great organization you belong to - **ROTARY.**

**REGISTER NOW - District 7500 Conference - May 2, 3, 4 - Ocean City, MD**  
*Enjoy the Princess Royale Hotel and Conference Center where all rooms are suites with ocean or atrium view.*
